Designed with intention and built with precision, this custom two-storey home in Winston Heights showcases over 3,900 square feet of luxury living where craftsmanship meets modern design. As you enter, the main floor immediately impresses with soaring 10-foot ceilings, open-to-below ceilings, a gorgeous chandelier, wide-plank hardwood, and an abundance of natural light that fills every corner. The front foyer opens into a thoughtfully designed office enclosed by glass walls, with large windows creating a bright and quiet workspace. Just beyond, the formal dining area provides an elegant setting for gatherings, seamlessly connected to a butler's kitchen and full pantry for added storage and prep space. The chef's kitchen is the centrepiece of the home, featuring Jenn-Air built-in appliances, a 48" 6-burner Jenn-Air stove, an oversized multi-tier quartz island, quartz backsplash, undermount and inside cabinet lighting, and a striking custom range hood. It opens to a spacious living room anchored by a sleek gas fireplace, custom panelled feature wall with wood grid detailing and oversized windows overlooking the deck and backyard. A stylish powder room with custom San Marco Polo Luxury Oro waterproof paint and a large mudroom with built-ins complete the main level. Heading upstairs from the beautiful maple hardwood open riser stairs, a central family room provides a relaxed lounge area with large windows and built-ins separating the bedrooms for added privacy. The primary suite is a retreat of its own, complete with an oversized walk-in closet featuring custom millwork and access to the laundry room. The ensuite is finished to perfection with a freestanding tub, double vanities, a makeup vanity, a steam shower with body jets, and heated floors. Two additional bedrooms offer generous space, each with built-in closets, and share a full bathroom. The

fully developed basement extends the living space with a large open recreation room ideal for entertaining, a custom wet bar, a private gym, a full bathroom, and an additional bedroom perfect for guests. Finishes are carried throughout with the same high-quality craftsmanship, lighting, and millwork found upstairs. Outside, the home sits on a landscaped lot with a spacious rear deck and an oversized three-car detached garage offering ample parking and storage. Additional upgrades include rough-ins for built-in interior and exterior speakers, A/C rough-in, and a security system including exterior cameras. The location is exceptional, steps from Winston Golf Club, surrounded by schools, parks, and playgrounds, and just minutes from downtown, and Deerfoot Trail.
